

# TULSA DISTRICT

CORPS OF ENGINEERS

1946  
1947  
1948  
1949

Know all men by these presents; that:

**Claude H. Chorpensing**

O-12088, Colonel, CE, District Engineer, Tulsa District, Corps of Engineers

Has met all of the requirements necessary to be classed as a qualified Engineer, a swell boss and an all-around good fellow.

The sound judgment, unbiased fairness, and wonderful treatment he has shown all employees of the Tulsa District, in the field and in the office, has given him a place of high esteem and respect among us.

In testimony thereof, we the undersigned express our appreciation for the pleasant association of working with him during his tenure as District Engineer of the Tulsa District, and we extend to him best wishes for success and happiness in his future assignments.

*[A large block of text containing numerous signatures and names, representing the staff of the Tulsa District.]*

Col. Claude H. Chorpensing was District Engineer in the difficult post-war years, 1946-1949. The well-respected Chorpensing, later to become Assistant Chief of Engineers in Washington, garnered signatures of hundreds of his staff along with their good wishes and farewells.
